

FULL SERVICE THERMAL PRINTER SUPPLIER

THERMAL PRINTHEADS

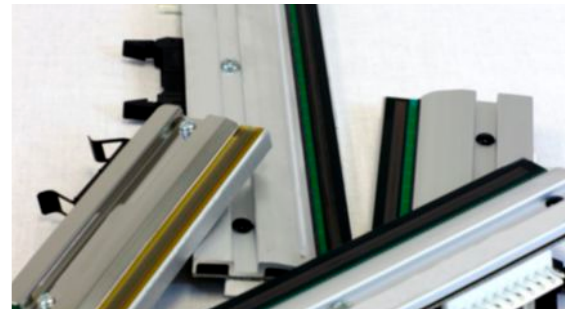

Thermal printheads are the most critical – and most expensive – desktop thermal printer component. Like ribbons and labels, and they require replacement after a period of time. Bundling printheads with your label and ribbon purchase will save you time and money. With CIS’s OEM-Grade and Genuine OEM Brand printheads, we can offer considerable savings on these often-overpriced components while streamlining your business’s printing process.

OEM-GRADE PRINTHEADS FOR LESS

Thermal printheads are the most critical – and most expensive – desktop thermal printer component. Like ribbons and labels, and they require replacement after a period of time. Bundling printheads with your label and ribbon purchase will save you time and money. With CIS’s OEM-Grade and Genuine OEM Brand printheads, we can offer considerable savings on these often-overpriced components while streamlining your business’s printing process.

GENUINE OEM BRAND PARTS

We also distribute Genuine OEM Brand printheads from Intermec®, Sato® and others at a competitive price.
